

# Like New!

At Indy Deck Magic, we have the fountain of youth for your home. **Our Hot Water Washing System** will restore your deck, fence, or sidewalk .

Ugly stains and other discoloration caused by algae, mold, and mildew will be eliminated, leaving your surfaces looking like new!

And because we do more than simply move the dirt around, your newly refinished surfaces will retain that just washed look, longer.

## Clean and Protect

After we have stripped away the dirt and debris, we will stain and seal your surfaces to further enhance their beauty. Unstained decks will be finished with a high quality oil-based product which will add luster while it prevents water and other damaging elements from being absorbed into the wood.

For surfaces which have already been painted, we use a latex paint to preserve that “just washed” look.

## See the Difference

Before treatment, the wood had turned grey, oxidized and was stained with mold and mildew.

After power washing at ultra hot temperatures, the wood was restored to it's original luster.

And finally, stained and sealed, the deck looks better than ever, with a protective **natural Cedar tone stain** and sealer that will retain this look for several years to come.

This same process will reduce the aging process on your wood fences too! **Natural Cedar tone stain below.**

## Hot Works Better

When it comes to removing stains, hot water works better! Why? When hot water is applied to the surface of your deck, it causes the pores in the wood to open up, releasing the dirt and debris.

Once open, the pores absorb more stain, helping you retain that “like new” look .

Indy Deck Magic use a high-pressure, ultra-hot water system to super clean the exterior of your home and business.

Combined with powerful, environmentally safe chemicals, the people at Indy Deck Magic keep your exterior surfaces looking their very best.

## Superior Customer Service

We provide more than lip-service when it comes to meeting the needs of our customers. Fully insured, we have been recognized for our superior customer service from the following organizations:

- [Angie's List Super Service Awards Go To www.angieslist.com](http://www.angieslist.com)
